

Occupational Therapy Community Clinics

Community Clinics are a mental health Occupational Therapy initiative which connects you with local services and activities that may help you to improve your mental health and well-being. Feeling good about yourself and being able to get on with your life in the way that you want are central components of well-being and will be different for each individual. Community Clinics provide you with an opportunity to discuss your individual needs and interests with an Occupational Therapist through being offered a one off appointment at a clinic in your local area. We will support you to access local services and activities that you may benefit from.

Advice also includes:

- Ways to maintain positive mental health through taking part in valued activity
- How to achieve balance within roles and routines
- How to recognise early signs of deteriorating mental health and manage them
- How to make changes to lifestyle and behaviour
- Relevant community resources and organisations that may benefit the individual, based on their own interests

Occupational Therapy Community Clinics are delivered in ten locality areas in Lanarkshire on a monthly basis and an appointment can be arranged through contacting and asking for an appointment at the Occupational Therapy Community Clinic on the following numbers:
